Subject: The New Dog Law

Attention Canine Health Board,

This is regarding the New Dog Law , Act 119, signed by Governor Rendell last year. These new regulations of lighting & temperature control along with mandatory exercise & control of ammonia levels in the kennels, need to be passed and put into effect immediately. The dogs trapped in these facilities need relief now. The news of the conditions in these kennels is finally being brought to the surface now, & the public has been enlightened to the horrors being inflicted upon 'man's best friend'. Finalize this Act & begin to give these poor helpless dogs relief. The public is watching.

Sincerely,
Deborah A. Bull
