Subject: Recomendations

Please know that the work being done to provide a livable experience for breeder dogs is very much appreciated. It is so important that these dogs who provide the living for the kennel owners should have lives themselves that are at least reasonable. A decent size clean cage, fresh air, exercise, clean and sufficient food and water, and health care are most definitely the least that should be provided for them.

Thank you for your efforts to improve the lives of these loving and lovable animals who just want a simple gentle happy life.
