Subject: Act 119

To: Pennsylvania Caine Health Board

We wish to voice our support of CHB's recommended regulations as provided for in Act 119. These regulations are in regard to lighting, temperature control, ventilation, humidity and ammonia levels as well as exercise. We can do no less to make life more bearable for these unfortunate breeder dogs kept in our state's large, as well as small, commercial breeding facilities.

We now need to be sure that these standards are passed and ENFORCED and to finalize Act 119 and the work of the General Assembly. These dogs have waited way too long to receive better living conditions. Please expedite the passage and ENFORCEMENT of these regulations as soon as possible. We can do no less for these dogs. These puppy mills are nothing but a big black mark on our state. No dog should have to live like these dogs are forced to.

Mr and Mrs. Philip Hartranft
 Zionsville, PA
