Subject:

Dear Pennsylvania Canine Health Board,

I want to indicate my support for the CHB's recommended regulations pertaining to lighting, temperature control, ventilation, humidity control, ammonia level and exercise. I believe it is critical to maintain these proper environmental factors, for the health and well being of dogs kept in commercial breeding facilities.

Although I strongly oppose large scale breeding facilities, your recommendations will help provide the level of comfort and health these dogs desperately need.

You have the authority and the support of Pennsylvanians to expedite the passage of these regulations as soon as possible.

Your action on this will also serve to finalize the intent of Act 119.

Please take the appropriate action needed to implement these regulations.

Thank you for your efforts.
