Gentlemen:

I am in full support of any and all legislation that could be enacted in order to create a canine health board, which would assist in providing livable quarters for the dogs housed in Pennsylvania in the various kennels and "puppy mills." These kennels and puppy mills should have adequate ventilation, lighting, flooring and cleanliness standards whereby the dogs are not housed and treated in a cruel manner. I support any legislation that can accomplish the above.

Thank you for your consideration.

Very truly yours,

Ronald Bluestein
