RE: NOTICE OF FINAL RULEMAKING
Department of Agriculture
7 Pa. Code Chapter 28a.
Commercial Kennel Canine Health Regulation
I.D. No. 2-170
Proposed Rulemaking: 39 Pa. Bulletin 5315 (September 12, 2009)
Approved by Office of General Counsel: July 14, 2010

Dear Sir or Madam:

We enclose four addendum pages supplementing the Comment and Response Document Final-Form Regulation List of Commentators for the above regulation. These pages list the names of 153 individual commentators who emailed public comments to the Department. These comments were reviewed and forwarded to the Independent Regulatory Review Commission at the time they were received. The Department's review determined that none of these comments raised any issues not addressed in the Comment and Response document for the Final-Form Regulation - many are slight variations on the form letters relating to this regulation. This review also determined that none of these comments would have caused the Department to make any additional changes to the Final-Form Regulation, based on the duplicative nature of the comments. All of these commentators received email notification that the Final-Form Regulation was filed with IRRC on July 14, 2010.

Thank you for supplementing the Comment and Response Document Final-Form Regulation List Of Commentators by adding these four addendum pages at the end of the document. These four pages are numbered as pages 7-10 - the original document was six pages long. We appreciate your attention to this matter.

Sincerely,

Jessie L. Smith
