Harrisburg, PA 17110-9408

Regarding: 7 PA. CODE CH. 128 - Pesticides

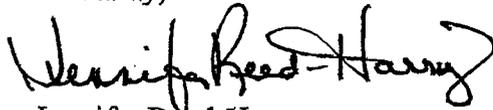

RECEIVED
2009 OCT 30 AM 9:57
INDEPENDENT REGULATORY
COMMISSION

On behalf of PennAg Industries Association and the more than 500 Pennsylvania agribusinesses we represent, including those that support and serve crop producers and farmers by providing agronomic products, *we support the proposed changes to section 7(b)(2) Pesticide Control Act of 1973 (act) (3 P.S. §111.27 (b) (2)).*

Dealers, applicators and farmers throughout Pennsylvania depend on the PA Department of Agriculture for oversight, licensing and administration of the Pesticide Program. The proposed changes have been reviewed and discussed with various stakeholders throughout the industry and are believed to be fair and equitable to all parties involved.

As the population of the United States continues to grow, the American Farmer is ready to supply this nation with a safe and bountiful harvest of food to consume. For this reason and many others, we support regulation changes that allow production agriculture to continue throughout this nation without interruption and allow agriculture to focus on agricultures task of feeding this nation.

Sincerely,

Jennifer Reed-Harry
PennAg Industries Association
