Thank you for drafting rules regarding outdoor wood stoves. I fully support the proposed regulations. I live in Wellsboro, PA and during the winter, the smoke from these stoves is terrible. I am concerned about the health of the children as the smoke knows no boundaries. We have a local ordinance but current stoves are grandfathered in and the town council is reluctant to enforce the current rules.

I also think your proposed rules should include inside stove too.

Thanks you for considering my comments.

Best regards,

Bob Bernhardy
