Dear Sirs,
 I would like to express my
 concern over your New Proposed
 regulations concerning outdoor
 wood burners. I believe they
 are not sensible for rural
 people. I just put one in at
 my rural home costing me
 close to \$10,000 and it can't
 be moved. My property is only
 about 200ft. wide. Same
 lands on 1 side, road on the
 other. No neighbors for a few
 hundred yards. We should
 be grandfathered in.

Sincerely yours,
 Ron Walker, Sr.
