REGULATORY
COMMISSION

Sirs,
This is concerning the outdoor wood burners I would think you people have better things to do than pick on people who own o.w.b.s. If you people really want to do something for the people ban outdoor burn barrels. My two neighbors on either side of me use them and they smolter and smoke for days. This is all year long. I burn coal in my wood burner and I welcome anyone to come and look at mine while it is in use. I do not burn garbage in mine I use a dumpster. I do burn some wood in mine in the spring and early fall, without any complaints. What smoke there is dissipates ratherly quickly.

Yours truly,
Gerald E. Starks
