Subject: Boiler rules

RECEIVED

2010 JAN -01 PM 07:52

The boiler rules that i read sound like discrimination, alot of people would not make a 150 ft set back, and in our township a buisness conot have a sign over 20 ft high you would have to have some chimineys 50 to 100 ft high this would be a big mess. Ban burning garbage or plastics or other toxic items. Wood is even approved for liheap help. Keep it simple Thanks. Pete Simonetta crawford county conneaut lake pa.
