Subject: 25 PA.?CODE CHS. 121 AND 123?

attn:
Rachel Carson State Office Building ,16th Floor ,400 Market Street,Harrisburg,Pa 17101-2301.

I am against the proposed regulation of out door furnaces and i feel that they are too harsh. My 85 year old father in law, who is a WWII vet.,has had a stroke and lives with my wife and I and he really needs the heat that our stove supplies. If we had to pay for electric heat with the new caps off , it would be a real burden on us.

Thank You
John a Harris
