**Subject:** Proposals for outside wood burners

2009 NOV 12 PM 3:08

INDEPENDENT REGULATORY  
REVIEW COMMISSION

Leave our outside wood stoves alone. We don't live in the city on top of each other. If we want our neighbors opinion on something we have to travel a distance, we just can't raise our window up and holler to them. I think your way out of line with regulations like this in a rural area.

sincerely,

Fay Schoonover  
9391 School Street  
Shinglehouse, PA 16748
