INDEPENDENT REGULATORY  
REVIEW COMMISSION

Environmental Quality Board  
P. O. Box 8477  
Harrisburg, PA 17105-8477

Dear Environmental Quality Board,

Please support the Pennsylvania Department of Environmental Protection's proposed rule to make new wood boilers more efficient, and make sure existing wood boilers burn as clean as possible. I understand that a new wood boiler in Pennsylvania can currently produce as much soot pollution as four heavy-duty diesel trucks. We in Pennsylvania need to do what we can to achieve cleaner air.

Thank you for your attention.

Sincerely,

Timothy A. Pearce  
1618A Denniston St.  
Pittsburgh, PA 15217
