**Subject:** Outside wood burning boilers

2009 NOV 30 PM 3:35

INDEPENDENT REGULATORY  
REVIEW COMMISSION

Please and I ask please don't pass the regulation on the outside burning boilers. We need this heat to keep us warm for the winter. We are in the rural area. We are dairy farmers and have our own wood to burn. With the dairy financial situation in grave trouble, we are unable to pay for fuel oil and gas heat. We live far enough away from a neighbor that the smoke would not bother anyone. Please don't let this regulation pertain to those who live in the rural area of the country. Thank you so much.
