Subject: State Regulation of Outdoor Wood-fired Boilers

Hello,

If the proposed regulations regarding outdoor wood-fired boilers are adopted it would have a detrimental effect on us who rely on our boiler to heat our home. We are retired and on a limited income and can not afford to heat our home by other means.

Another point we'd like to make is that this is also clearly a local issue with local townships and municipalities already having ordinances. The state government is overstepping its authority with these regulations.

We will be at the public hearing this Thursday in Williamsport.

Thank you,

Orie and Beverly Hawkes
