To whom it may concern

INDEPENDENT REGULATORY
COMMISSION

I bought my outdoor furnace in the year 2005 and have well over \$12,000.00 invested in it. I have saved \$3000.00 a year in heating costs. There were no rules and regulations in our township when I purchased and installed the furnace. Therefore, I feel any furnaces installed prior to these guidelines should be grandfathered, like any other new rules in our township.

Sincerely,

Donald Fahringer
