INDEPENDENT REGULATORY
REVIEW COMMISSION

Mrs. Marcia Martin

12-2-09

We are very concerned
about the proposed
regulations on outdoor
wood-burn furnaces.

Due to the depressed
economic downturn and
especially in our area
of north central Pennsylvania
it will really be a hard-
ship.

Here, wood is never
available - a main source
of fuel and relatively
in-expensive if available
on the property of
homeowners.

PLEASE reconsider
your prepared reg-
ulations.
