INDEPENDENT REGULATORY
REVIEW COMMISSION

My husband and I are against any more "State" regulations on us as home owners.

We heat with wood and there are already federal and local regulations that we abide by. There is NO need to have DEP put more regulations on homeowners. This new proposed regulations would also put an undo burden on the DEP. DEP just laid off over 100 workers and the tax payers should not have to pay for this UN-NEEDED Regulation.

Thank you,
