Dear Sirs,
I would like to express my
concern over your New Proposed
regulations concerning out door
wood burners. I believe they
are not sensible for rural
people. I just put one in at
my rural home costing me
close to \$10,000 and it can't
be moved. My property is only
about 200ft. wide. Home
lands on 1 side, road on the
other. No neighbors for a few
hundred yards. We should
be grandfathered in.

Sincerely yours,
Ron Walker, Sr.
