Subject: DEP Chapter 95 [25 PA. CODE CH. 95]

RECEIVED

2010 JAN -5 AM 9:01

INDEPENDENT REGULATORY
REVIEW COMMISSION

To whom it may concern:

I am writing in support of the highest possible limitation of effluent discharge into Commonwealth waterways and the monitoring thereof as proposed in amendments to Chapter 95.

Please extend enforcement to all that discharge waste water, bringing those permitted before April 1, 2009 into compliance as they are re-permitted.

It is also my wish to determine the environmental impact and the cost of cleanup before letting the gas industry operate in the Commonwealth, and ensure that subsequent clean-up is at the industry's expense. This will require disclosure of the so-called "secret ingredients" contained in frack fluids.

Thank you.
