Subject: RE: Comments on 25 PA. CODE CH. 95-Wastewater Treatment Requirements

2010 JAN 15 PM 1:49
INDEPENDENT REGULATORY
REVIEW COMMISSION

Dear Secretary Hanger,

Gas drilling will result only in toxic water and large profits for a few. An old story and one that we should be able to change by now.

* Stop all new gas drilling operations .

* Require drilling companies to track and report all of their pollution from drilling sites to treatment plants, and establish regulations to oversee the reuse of gas drilling wastewater. The public has a right to know about pollution being released into our environment or shipped into our communities.

Sincerely,

Libby Blackman
