RECEIVED

Environmental Quality Board of PA.

Readers:

Nothing is more essential to our lives than Quality drinking water. We are so blessed to have access to that in PA, + most of the U.S.

There is no other moral, correct good decision except to demand that our Pennsylvania waters - creeks, streams + rivers, + lakes remain as pristine as possible.

You must support DEP's "Chap 95" demanding that all PA waterways meet the same high quality standards as drinking water -
