Subject: 25 Pa. Code Chapter 95

Thank you for the opportunity to comment on the proposed amendment to 25 Pa. Code Chapter 95 (relating to Wastewater Treatment Requirements). I urge the EQB to adopt the lowest possible effluent standards for new sources of wastewater containing total dissolved solids. The Constitution of the Commonwealth of Pennsylvania states that we have a right to pure water.

***Natural Resources and the Public Estate
Section 27***

The people have a right to clean air, pure water, and to the preservation of the natural, scenic, historic and esthetic values of the environment. Pennsylvania's public natural resources are the common property of all the people, including generations yet to come. As trustee of these resources, the Commonwealth shall conserve and maintain them for the benefit of all the people.

Clean water is necessary to sustain life. There are no alternatives. Keep it clean.

Thank you.
