Subject: Comments on proposed changes to PA's water quality regulations (Chapters 95 & 93)

My name is Marjorie T. Duck. My address is 33 Valley View Rd., Lewisburg, PA 17837.
I support strengthening PA's water quality regulations as proposed in Chapters 95 & 93 of the Pennsylvania Code.
However, the issuance of permits is rushed. I support a moratorium on the issuance of permits until safeguards to protect Pennsylvania's water, land, and air are in place. Our health is at stake. Thank you.
