RE: 25 PA Code CH 95
        Wastewater Treatment Requirements
        [39 Pa.B. 6467]

Dear Members of the Board:

Mark Ann Industries, Inc. is a trucking company who hauls, coal, gravel, limestone, shale and sandstone for local businesses, and employees approximately 26 area residents. Should the proposed regulation, as referenced above, be enforced as currently stated, it will have a direct effect on our operations and continued business. All of the producers and manufacturers that we haul for will be directly impacted by this regulation, causing a "snowball effect", which in turn will threaten our business and potentially cause it to cease.

Therefore, Mark Ann Industries, Inc. respectfully requests the withdrawal of the proposed regulation. We appreciate the consideration you will give to our request.
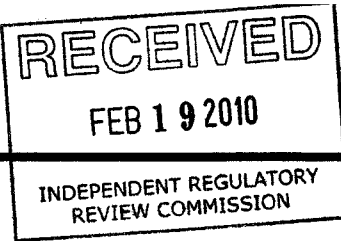

Sincerely,

MARK ANN INDUSTRIES, INC.
