Subject: 25 PA code ch 95 Wastewater treatment requirements

Environmental Quality Board
PO Box 8477
Harrisburg, PA 17105

February 4, 2010

Dear Board Members,

As a concerned citizen I would like to comment on Wastewater Treatment Requirements that the PADEP is proposing.

I support action by the DEP to protect our water supply, streams, rivers and lakes from gas drilling waste water. I believe that the proposed standards are a good first step and need to be strengthened in order to prevent further degradation of our beautiful and precious water resources.

Thank you for your time and consideration.
