Environmental Quality Board
P.O. Box 8477
Harrisburg, PA 17105-8477

RE: The Environmental Quality Board (Board) proposes to amend 25 Pa. Code Chapter 95 (relating to Wastewater Treatment Requirements). The proposed amendments include the elimination of a redundant provision, the recognition of applicable TMDL requirements, and the establishment of new effluent standards for new sources of wastewaters containing high Total Dissolved Solids (TDS) concentrations.

To Whom it May Concern:

Enclosed are Aqua Pennsylvania, Inc.'s comments on the proposed regulation.

Please consider our comments as you finalize your regulation.

If you have any questions, please call me at 610-645-1132.

Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Preston Luitweiler".
