Comments on Proposed Rulemaking, 25 PA Code CH 253, Administration of the Uniform Environmental Covenants Act; as published in the PA Bulletin Volume 40, Number 10, March 6, 2010:

3.5 Submission of Environmental Covenants and related information

This would affect (a) through (e)

Submission of a draft Environmental Covenant (EC) prior to Final Report, and the signed EC with the Final Report submittal, will not work. Department staff will not have the necessary information at that time to determine if the EC fulfills all activity and use limitations. It would work out better to have the draft EC sent with the Final Report, with the notation that the Final Report can not be approved until all necessary copies of the final EC are signed and submitted.
