# PROPOSED RULEMAKING

## PENNSYLVANIA PUBLIC UTILITY COMMISSION

**[ 52 PA. CODE CH. 54 ]****[40 Pa.B. 3669]****[Saturday, July 3, 2010]****[L-2009-2095604/57-273]****[Correction]**

### Default Service Regulations

An error occurred in the proposed rulemaking which appeared at 40 Pa.B. 2267, 2276 (May 1, 2010). A proposal to amend § 54.188(f) (relating to Commission review of default service programs and rates) was inadvertently omitted. The correct version of the proposed amendment to § 54.188(f) is as follows, with the ellipses referring to the proposal published at 40 Pa.B. 2267:

#### § 54.188. Commission review of default service programs and rates.

\* \* \* \* \*

(f) A DSP shall submit tariff supplements on a quarterly or more frequent basis, consistent with § 54.187(h) and (i) (pertaining to default service rate design and recovery of reasonable costs), to revise default service rates to ensure the recovery of costs reasonably incurred in acquiring electricity **[at prevailing market prices]**. The DSP shall provide written notice to the named parties identified in § 54.185(b) of the proposed rates at the time of the tariff filings. The tariff supplements shall be posted to the DSP's public internet domain at the time they are filed with the Commission. A customer or the parties identified in § 54.185(b) may file exceptions to the default service tariffs within 20 days of the date the tariffs are filed with the Commission. The exceptions shall be limited to whether the DSP has properly implemented the procurement plan approved by the Commission and accurately calculated the rates. The DSP shall post the revised PTC for each customer class within 1 business day of its effective date to its public internet domain to enable customers to make an informed decision about electric generation supply options.
