The current/final version of this legislation excludes the word therapeutic, and restricts the scope of practice for massage therapists in such a way that it will effectively cripple the industry's ability to relieve pain and help the general population live healthier lives. The changes made at the October meeting of the IRRC are not acceptable. Massage Therapy is by nature, therapeutic.

I ask that you vote down the current legislation No. 2843 STATE BOARD OF MASSAGE THERAPY #16A-721: MASSAGE THERAPY
