The Honorable Arthur Coccodrilli, Chairman
INDEPENDENT REGULATORY REVIEW COMMISSION
14th Floor, Harristown 2, 333 Market Street
Harrisburg, Pennsylvania 17101

Re: Proposed Regulation
State Board of Crane Operators
16A-7101: Initial General Rulemaking

Dear Chairman Coccodrilli:

I am writing to supplement the proposed rulemaking that has been submitted to the Commission.

Since the filing of the Annex and Preamble new information has come to the attention of this office relating to the Negotiated Rulemaking for Cranes and Derricks in Construction that has been under review by the United States Department of Labor, Occupational Safety and Health Administration. That negotiated rulemaking has been discussed extensively in the Preamble that has been submitted.

According to the Regulatory Agenda published by the Department of Labor, "The final rule is scheduled to be published in July 2010." Accordingly, to the extent that the Board based its rationale upon the anticipated adoption of the new regulation, please consider this most recent announcement as further evidence that the negotiated rulemaking will have become final by the time of the adoption of a final rulemaking by the State Board of Crane Operators.

Thank you for your attention to this matter. Please contact me if you have any questions.

Sincerely,

Christopher K. McNally
State Board of Crane Operators
