I am writing in regard to changing DPW training hours to 24/year. I do think we need this change. However, it will place a monetary burden on facilities to get this done. My facility does not get ANY money from STARS even though we are a STAR 4 Center. I feel that this is very discriminatory because we fulfill all of the requirements. I think there should be some compensation for Centers who fall into this category.

I would appreciate your consideration in this matter.
