Subject: The proposed regulatory change for MarcellusShale Drilling

William and Patricia Keppel
2326 beachwood Dr
Lakeview, Ny 14085

To the Environmental Quality Board:

Please do not drill on the Pennsylvania side of the Delaware River! It is very important to us to ban drilling on that site--We live on the most beautiful lake in Lakeview, NY and really appreciate the untouched beauty of our surroundings and often visit Pennsylvania for its beautiful scenery--please listen to your citizens pleading to keep it pure-Thank you so much! Pat and William Keppel
