Subject: PROPOSED RULE MAKING

RECEIVED
IRRC

2010 SEP 27 P 2:49

Jeff Stankiewicz
938 Catlin Road
Kingsley Pa 18826

To Whom it may concern:

As a Quarrymen and owner of a blue stone business , I am opposed to the rule makings of the NON-COAL MINING FEES, I understand that the State of Pennsylvania is BROKE!! However I do not agree with raising the fees that we already pay to earn a living. With the economy the way it is why would you want to take away a persons lively hood so they are force to live on welfare. As a father of 4 i rely solely on my stone business to support my family. If you raise the fees THERE WILL NO BLUE STONE INDUSTRY to raise the fees on .Please consider leaving well enough alone as I do not believe that we should have to pay anymore then we are already paying. Thank you for trying to put the Blue Stone out of business.

Sincerely,
Jeff Stankiewicz
