To whom it may concern:

I am writing regarding the proposed rule enforcement changes in the Small Games of Chance law as outlined in the PA Bulletin of August 27.

I can see no need or usefulness in any of these proposed changes. I don't believe the state, charitable games or their patrons are hurt or disadvantaged by the current disposition of the law. In fact, the industry is already at a considerable disadvantage to the casinos due to non-smoking exemptions and higher payout and jackpot allowances. These new rules would require a great amount of additional record keeping and increased inventory on the part of distributors. They would be forced to keep a complete separate inventory for PA, since no other state has any such restrictive and ridiculous rule preventing options on seal cards and variety packs.

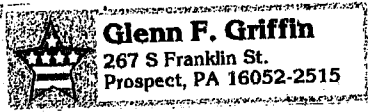

Bingo and the Small Games of Chance are a primary and crucial fund raiser for many Volunteer Fire Dpets, Parochial Schools and Benevolent Orgs. I would strongly urge you to reconsider implementing these changes.

Thank you,

Glenn F Griffin
