Subject: Regulation #10-190 (IRRC #2997)

2013 AUG -8 AM 10: 49

Friends,

Greetings from Elizabeth Township, PA.

As Chief of Elizabeth Township Area EMS, an agency that provides emergency medical services to five communities in Allegheny County, I am writing to express support of the Department of Health-Emergency Medical Services System Regulations, #10-190 (IRRC #2917). It is my understanding that a hearing on these regulations will be held on Thursday, August 22, 2103.

As stated, our department greatly supports these regulations. We believe that the regulations are critical to improve emergency medical services on all levels: administratively, operationally, and most importantly, clinically. Pennsylvania is fortunate to have a great EMS system. I am optimistic that once these regulations pass, our system will be even better.

Thank you.
