Re: Department of Health - Emergency Medical Service System
Rules and Regulations Hearing 8/22/13

To those on the IRRC:

Please accept this letter in support of the EMS Rules and Regulations as they have been submitted to your committee. The officers and staff of Crozer Keystone Health System – North Division is in full support of the document as it stands.

We look forward to the many enhancements in the document including the peer review protection, updated certification levels and con-ed requirements. There are many other sections that will no doubt have profound impact on different parts of our diverse Commonwealth.

The work put forth by Past Director Schmider and Director Gibbons along with the Pennsylvania Emergency Health Services Council and all the providers that participated should be applauded and rewarded with swift approval from your committee.

In Service,

Timothy Mengel
Director and Chief of EMS
CKHS EMS – North Division
