Dear Chairman Mizner:

The Pennsylvania Public Utility Commission (PUC) hereby withdraws its proposed revisions to the Code of Conduct regulations at 52 Pa. Code § 54.121 – 123. This action does not reflect a change in position by the PUC with respect to the merits of the proposed revisions, but rather, a preference to assess the impact of other pending legislative and regulatory initiatives related to the Code of Conduct regulations. The PUC may choose to file new proposed revisions to its Code of Conduct regulations at a later time.

Sincerely,

Bohdan R. Pankiw
Chief Counsel
