Regulation No. 7-477 (#2955)
Environmental Quality Board
Measurement and Reporting of Condensable
Particulate Matter Emissions

On June 22, 2012, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (EQB). This rulemaking amends 25 Pa. Code Sections 121.1, 139.12 and 139.53. The proposed regulation was published in the July 7, 2012 *Pennsylvania Bulletin* with a 65-day public comment period. The final-form regulation was submitted to the Commission on January 24, 2014.

This regulation updates and clarifies sampling and testing requirements for stationary emission sources relating to particulate matter.

We have determined this regulation is consistent with the statutory authority of the EQB (35 P.S. § 4005(a)(1)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

BY ORDER OF THE COMMISSION:

This regulation is approved.

John F. Mizner, Esq., Chairman
