Subject: MMA Rule Change

Dear IRRC,

I am a life-long fan, supporter, and practitioner of MMA. Although I do not fight, I train with many amateurs who do.

The amateur rules in PA are no good. My wife and I love going to MMA shows. We don't like having to travel to Ohio to watch a decent amateur fight.

I humbly ask you support the rule changes. It will help bring our amateurs up in the sport, keep more money here in PA and it is also safer for these guys; in that once they go pro, they are better adapted and prepared for those rules. There won't be as much of a shock and there will be less risk of injury.

Thanks for your time,

CJ Szelestey
