**Message:**

I live in Garnet Valley School District and I have been happy the way our community and school board and teachers educate my children. I would like to keep it that way. LOCAL CONTROL has always been the best way to operate our school districts where WE are in charge and are the guardians of our children's education. Please do not allow the Federal Government and special interest to bribe our state and take away our control and voices over OUR children's learning. Once we give it away we will never get it back. Thank you,  
Scott Ristine
