Subject: Common Core

Message:

I do not believe this type of education is what we want in Pennsylvania. It is akin to Socialist education. The government does not need to gather so much personal data for our children. I have seen some of the school papers, and what I've seen is appallingly inappropriate to teach in schools. Common Core is wrong for Pennsylvania. Let's not allow education to stoop to this new level. The government's agenda is showing and it's not good for our future.
