Subject: Please deny Common Core request to restructure School systems in Pa

Message:

Common Core threatens to dumb-down curriculum standards, take away local control, and collect personal data on every student and their families. And the government will take even more of our hard-earned tax dollars to do it! Please protect our children & grandchildren, there is no reason to lower standards, I live in Central Bucks school district & our schools are producing excellent students & future leaders. Thanks in advance for your support.
