Subject: Common Core Curriculum

Message:

I am writing to state that I am vehemently opposed to the implementation of Common Core here in PA or ANYWHERE, for that matter. Common Core threatens to dumb-down curriculum standards, take away local control, and will collect personal data on every student and their families. The government has MORE than enough intrusion into our lives and our personal freedoms as well as decision making concerning the raising and educating of our own children. Likewise, Common Core will take even more of our hard-earned tax dollars to do it! Common Core must NOT be allowed in our public schools. Ever! Respectfully yours, Janet Schrader
Retired PA school educator
