A new message has arrived from the IRRC Website

First Name: Mark

Last Name: Ernst

Company:

Email: markernst64@yahoo.com

Subject: Common Core

Message:

Please, Please, Please stop common core and it's socialist agenda. You, me and everyone prior to this year had the pleasure of a good education. We must adhere to our history and I believe the education process is working without change. Our country is looked at a model for all freedom loving people. Why is government jamming this into our schools unless they want indoctrination starting with young minds. Please stop this!!!
