Subject: IRRC Website - New Message

A new message has arrived from the IRRC Website

First Name: Marshall

Last Name: Haire

Company:

Email: marshhaire@gmail.com

Subject: Common Core

Message:

I am sending this as a concern citizen in Pennsylvania about he Common Core standards. I think we need to allow students to be able to be creative and to let them think on their own. We don't want to dumb down our students here in Pennsylvania due to the socialistic ideas with common core. I personally don't think the government needs anymore control over schools in PA and that less government is better. Marshall Haire
