A new message has arrived from the IRRC Website

First Name: William

Last Name: Mercer

Company:

Email: bmercerc@nmax.net

Subject: Common Core

Message:

I would like to voice my oppinion on Common Core. I am strongly opposed to it. Although the idea of the same curriculum all across the country sounds good , Common Core goes way beyond this idea. It invades privacy ,rewrites history , places the US in a bad light, promotes socialism,and dumbs down children. I urge you to reject it. Thank You
