A new message has arrived from the IRRC Website

First Name: William

Last Name: Wetzel

Company: William E. Wetzel & Associates

Email: wetzelpi@windstream.net

Subject: Common Core

Message:

PLEASE.....do not permit Common Core to be implemented. It will take away local control of our children's education. It will permit the collection of detailed parental information and who knows what else. We need to focus on the real history of our country and what has made it great. The citizens of this country AND our children need to learn about the free market system and not socialism. Keep socialistic ideas out of our classrooms and off of our college campus. Bill Wetzel
