The Independent Regulatory Commission

333 Market Street, 14th Floor

Harrisburg, PA 17101

24 October 2013

Subject: Education

Dear Commission Members,

I am a retired career teacher and I am actively opposed to the implementation of the federal government imposed "Common Core Curriculum". The position statement of the Americans for Prosperity-Pennsylvania accurately summarizes my concerns. Please include those concerns in your deliberations.

Thank you for your consideration,

Yours truly,

Robert G Bauer
